

Our Family Medicine Residency
Faculty has a unique gift.

PRESENCE

Presence is exceptional care that delivers exceptional outcomes. We would like to invite you to share that gift as part of the **Faculty with SSM Health St. Anthony Family Medicine Residency Program**. We are seeking caring physicians with a passion for teaching and a heart for mission-focused medicine.

The FM faculty physician would work with an excellent group of 30 residents and would support a busy Family Medicine clinic located on the SSM Health St. Anthony Hospital campus.

SSM Health St. Anthony Residents receive training in almost every setting – rural, inner city, suburban, foreign medical mission and university campus. Their practices range from working in an outpatient clinic to caring for patients in a busy intensive care unit or on a labor and delivery suite.

Currently, the SSM Health St. Anthony Family Medicine Residency Program has a team of 8 full-time faculty, 8 part-time faculty, and 1 full-time Psychologist. Our faculty divide their time between their own clinic and precepting for residents in the Family Medicine clinic and procedure clinic. Other duties include family medicine inpatient and/or obstetric care and participation in scholarly and Residency administrative activities as assigned.

Call varies based on OB and inpatient interests. OB call consists of call every 6 nights and every 7th weekend. The inpatient call rotates every 8th week with weekend coverage also rotating every 8th weekend. Salary and benefits are competitive and commensurate with skills and experience.

At SSM Health, we are united by a shared commitment to serve through faith, humanity, compassionate care and exceptional medicine. Join us as we work together to reveal the healing presence of God through our exceptional health care services.
